

USEFUL TRAVEL INFORMATION

The best way in to The Escape is:

FROM CANBERRA:

Kings Hwy–Black Flat Rd–The River Rd

Turn left off the Kings Highway into Black Flat Rd, which is well signed. The turn off is the next left after Lyons Rd. Travel to the end of Black Flat Rd and make a hard turn left onto The River Rd. You will cross the Currowan Creek causeway and from there continue for another 7km. After 7kms, you'll pass Drury's Road on your left then a further 100m on your right, turn into The Escape!

FROM SYDNEY:

Princes Hwy–Old Highway–The Sheep Track–The River Road

Turn right off the Princes Hwy at the Termeil General Store, opposite the Bawley Point turn off. Travel up the Old Hwy veering right onto The Sheep Track 4.5km along. From here, follow The Sheep Track, which runs into The River Rd. Travel over the Clyde River at Shallow Crossing. The Escape is the second gate on the left – about 500m from the crossing.

All of the roads in are unsealed. They are usually in good condition but care must be taken as some sections are quite narrow with tight bends. If coming from the Princes Highway, access to The River Road at Shallow Crossing can be cut for about an hour each side of the high tide as the causeway is flooded. Please check with us for relevant tide information.

Please travel safely, carefully and to the conditions, particularly on the unsealed, tourist roads.
